B.E - ECE

Sona College of Technology

Projects

Arabcal LLC - Calibration Lab in UAE

- Developed dynamic service pages and inquiry forms using **Core PHP, MySQL, SCSS, and Bootstrap**.
- Created admin dashboards and ensured responsive layouts for seamless cross-device usability.
- Integrated backend validation and optimized form submissions to improve data integrity and user experience.

GuideMyFolio

- Built an intuitive dashboard with reusable UI components using **Angular and Tailwind CSS**.
- Contributed to **UI/UX design reviews** and optimized performance for faster load times.
- Implemented mobile-first responsive design and integrated third-party libraries for enhanced interactivity.

Professional Summary

Seeking a UI Developer position to leverage over 5 years of experience in front-end and back-end development using modern frameworks. I aim to contribute to impactful projects, deliver user-centric solutions, and grow within a progressive organization. Strong communication, problem-solving, and collaboration skills enable me to work effectively in teams and adapt to evolving environments.

Professional Experience
